Water Shortage Contingency Plan

Although customers have worked to conserve, California's historic drought requires further action. To comply with statewide mandatory water-use reductions, MNWD implemented its Water Shortage Contingency Plan, directing customers to live within their water budget.

STAY
WITHIN
YOUR
WATER
BUDGET

Monitor your household's indoor and outdoor water use

Carefully review your water bill, which lists your custom water budget for the month

Apply for available conservation and rebate programs featured on MNWD's website

Take advantage of MNWD's home water use surveys and tips on ways to save water
